TSH-2368/2

OUT SOLE STITCHING MACHINE

The TOPEAGLE TSH-2368/2 is a professional out sole stitching machine developed for heavy-duty footwear production. It is designed for edge stitching of thick soles and work boots, as well as penetrating seam processing for right-angle perimeter shoes. With electronic speed control and automatic lubrication, it delivers stable stitching performance for leather boots, safety footwear and other heavy sole applications.

MAIN FEATURES

- Designed for stitching thick soles and heavy-duty footwear.
- Suitable for outsole edge stitching and right-angle perimeter seam processing.
- Smooth stepless electronic speed regulation for precise control.
- Computer-controlled needle positioning for convenient operation.
- Automatic lubrication system for durable industrial use.
- High-precision mechanical parts for stable performance.
- Suitable for compound thread or linen thread.
- Ideal for work boots, safety shoes and heavy leather footwear.

SPECIFICATIONS

Machine Type	Out Sole Stitching Machine
Model	TSH-2368/2
Sewing Speed	Stepless speed regulating
Stitch Type	Compound thread or linen thread
Stitch Length	3.5–12 mm
Sewing Thickness	3–18 mm
Sewing Needle	Curved hook needle 200# / 230# / 260#
Motor	220V / 750W / 1-phase / 50–60Hz
Motor Option	380V / 750W / 3-phase / 50–60Hz
Net Weight	344 kg
Gross Weight	402 kg
Packing Size	830 × 860 × 1620 mm

APPLICATIONS

Work Boots

Safety Shoes

Leather Boots

Casual Shoes

Heavy Soles
